## SUMMARY

I am writing to express my strong interest in the Oracle Apex and PL/SQL Developer. As a skilled and experienced professional with a passion for creating efficient and robust applications, I believe my technical expertise and dedication to delivering high-quality solutions align perfectly with the requirements of the role. Over the course of my career, I have acquired a deep understanding of Oracle Application Express (Apex) and PL/SQL development, along with a strong foundation in database design and management. I have successfully developed and implemented a wide range of applications, including data-driven web applications, reports, and interactive dashboards.

## PROFESSIONAL EXPERIENCE

### Software Engineer  at MononSoft Ltd. (A Sister Concern of JMI Group)

Feb 2021 - Present                    *52 New Eskaton Road, Dhaka-1000.*

Developing an ERP system based on Oracle Database and Oracle Apex.

Developing software solutions to meet customer needs.

Complex business logic, Packages, stored procedures, triggers, and functions.

Creating function for different purposes like returning JSON for report queries.

Evaluating existing applications and performing updates and modifications.

I am committed to staying updated with the latest technologies.

### PROFESSIONAL EXPERIENCE  at Project of APEX:

I have completed few projects like Micro Credit Management System, Cash & Carry Mobile Shop(POS) , Pharmacy Management System(POS) , QC Alter System , Blood Circulation System etc.
